## 2. Understanding Different States of & functions of the Vital Force: Aphorisms No. 9 to 16

Keynotes of the Aphorisms : 22

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)                                                                               | DURATION       |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| § 9  | Vital Force in Health                                                                                                                                  | 06.46          |
| § 10 | Vital Force in Death                                                                                                                                   | 05.09          |
| § 11 | Vital Force in Disease – 1: “Understanding the Disease through abnormal sensations & functions”                                                        | 07.06          |
| § 12 | Vital Force in Disease – 2: “Restoration of normal sensations & functions by removal of abnormal perceptible symptoms under the treatment”             | 12.26          |
| § 13 | Vital Force in Disease – 3: “Reductionism Vs Wholism”<br>Question – Answer Session (Total: 13)                                                         | 09.41<br>13.38 |
| § 14 | Vital Force in Disease – 4: “Preserver of Life during diseased state (Perceptible Symptoms)”                                                           | 17.09          |
| § 15 | Vital Force in Disease – 5: “Affections of diseased vital force & perceptible symptoms are inseparable whole”                                          | 13.59          |
| § 16 | Vital Force in Disease – 6: “Modus Operandi” of Homeopathic medicines – Removal of Dynamic Cause by Dynamic Influence acting through faculty of Nerves | 14.03          |

### CLINICAL QUIZ

## 3. Overview and Importance of Totality of Symptoms: Aphorisms No. 17 to 21

Keynotes of the Aphorisms : 11

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)              | DURATION |
|------|---------------------------------------------------------------------------------------|----------|
| § 17 | Totality of Individual Symptoms - 1:<br>“Removal of Symptoms = Removal of Disease”    | 23.30    |
| § 18 | Totality of Individual Symptoms - 2:<br>“Sole guide to select & prescribe a remedy”   | 04.43    |
| § 19 | Totality of Individual Symptoms - 3:<br>“How Cure takes place after giving a remedy?” | 04.33    |
| § 20 | Drug Proving reveals inherent medicinal qualities                                     | 03.50    |

|      |                                                                        |       |
|------|------------------------------------------------------------------------|-------|
|      | & powers of a substance                                                |       |
| § 21 | Disease Producing Power (Proving) =<br>Disease Curing Power (Treating) | 05.31 |
|      | Question – Answer Session (Total: 6)                                   | 21.17 |

### CLINICAL QUIZ

#### 4. Introduction to different modes of treatment:

##### Aphorisms No. 22 to 24

Keynotes of the Aphorisms : 07

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)                     | DURATION |
|------|----------------------------------------------------------------------------------------------|----------|
| § 22 | Introduction to Different modes of treatment – 1.<br>“Allopathic (Unknown / Dissimilar) Way” | 20.00    |
| § 23 | Introduction to Different modes of treatment – 2.<br>“Antipathic (Opposite) way”             | 10.50    |
| § 24 | Introduction to Different modes of treatment – 3.<br>“Homeopathic (Similar) Way”             | 07.54    |

### CLINICAL QUIZ

#### 5. Superiority of Homeopathy and it's process of cure:

##### Aphorisms No. 25 to 29

Keynotes of the Aphorisms : 04

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)                       | DURATION |
|------|------------------------------------------------------------------------------------------------|----------|
| § 25 | Clinical Confirmation of Similia Similibus Curentur                                            | 14.21    |
| § 26 | Nature's Law of Cure = Therapeutic Law of Homeopathic Cure                                     | 05.56    |
| § 27 | Medicinal Powers need to be stronger than the Disease<br>powers selected on symptom similarity | 06.37    |
| § 28 | Nature's Law of Cure since objective & confirmed, need no<br>scientific explanation            | 02.33    |
| § 29 | An attempt to explain Modus Operandi of Cure                                                   | 04.58    |

### CLINICAL QUIZ

## 6. Diseases affect conditionally while medicines affect unconditionally: Aphorisms No. 30 to 33

Keynotes of the Aphorisms : 08

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)   | DURATION |
|------|----------------------------------------------------------------------------|----------|
| § 30 | Human body is more powerfully affected by medicines than diseases          | 03.05    |
|      | Question – Answer Session (Total: 11)                                      | 17.59    |
| § 31 | Why do I get sick? = “Diseases affect conditionally”                       | 18.18    |
| § 32 | How can I recover? = “Medicine affects unconditionally”                    | 11.10    |
| § 33 | Conclusion: “Medicines are superior than Natural Diseases Unconditionally” | 07.41    |

### CLINICAL QUIZ

## 7.Explanation on Similar, Dissimilar & Unknown (allopathic) Diseases meet in one Organism: Aphorisms No. 34 to 38

Keynotes of the Aphorisms : 07

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)s)                                                                | DURATION |
|------|-------------------------------------------------------------------------------------------------------------------------------------------|----------|
| § 34 | Similar cures, “Similia Similibus Curentur”                                                                                               | 10.14    |
| § 35 | Dissimilar never cures                                                                                                                    | 09.24    |
|      | Question – Answer Session (Total: 7)                                                                                                      | 08.24    |
| § 36 | Dissimilar existing disease is stronger than the new coming one.                                                                          | 16.42    |
| § 37 | Dissimilar allopathic treatment will make the original disease uncured, will complicate the original and will add dangerous new diseases! | 14.43    |
| § 38 | Dissimilar existing disease is weaker than the new coming one.                                                                            | 38.17    |
|      | Question – Answer Session (Total: 5)                                                                                                      | 06.11    |

### CLINICAL QUIZ

## 8. How Allopathic “unknown and dissimilar” medicines bring complexities in Diseases: Aphorisms No. 39 to 42

Keynotes of the Aphorisms : 11

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)                                                                                           | DURATION |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| § 39 | Allopathy never cures* & why it needs to be taken frequently like ODS, BDS, TDS etc..? and what happens during & after the violent allopathic medicinal treatment? | 20.30    |
| § 40 | Formation & Treatment of Chronic Complex Diseases                                                                                                                  | 19.09    |
|      | Question – Answer Session (Total: 13)                                                                                                                              | 13.26    |
| § 41 | Dangerous side-effects of Allopathic Treatment make “Natural + Artificial = Complex Diseases”                                                                      | 22.40    |
| § 42 | Two or more dissimilar chronic diseases can co-exist in the body but complicates                                                                                   | 13.33    |

### CLINICAL QUIZ

## 9. Law of Similars is the Language & Secret of Nature – Aphorisms No. 43 to 50

Keynotes of the Aphorisms : 09

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions) | DURATION |
|------|--------------------------------------------------------------------------|----------|
| § 43 | Two similar diseases meet in one organism to cure                        | 02.57    |
| § 44 | Formation & Treatment by Similar Diseases                                | 05.37    |
| § 45 | How similar diseases (& so as Homeopathic medicine) works in the body?   | 13.37    |
| § 46 | Examples of similar diseases from nature arise from Fixed Miasm          | 12.29    |
| § 47 | Nature is the best Teacher                                               | 06.27    |
|      | Question – Answer Session (Total: 7)                                     | 16.00    |
| § 48 | Secrets of Nature                                                        | 04.48    |
| § 49 | How nature heals is my minute observation                                | 08.31    |
| § 50 | Limitations for Cure – “Why we should not depend on nature fully?”       | 12.20    |

### CLINICAL QUIZ

## 10. Comparison of different contemporary therapeutic modalities & The Grand superiority of Homeopathy: Aphorisms No. 51 to 62

Keynotes of the Aphorisms : 17

| No.  | APHORISM TITLE IN ONE LINE<br>(Index of Clinical Problems and Solutions)                                                                                                                                                                                                              | DURATION |
|------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| § 51 | Fundamentals of Homeopathy: “Rapid, Gentle & Permanent”                                                                                                                                                                                                                               | 14.55    |
| § 52 | As clear as Daylight, “Allopathic medicines to the diseases never cure* but most assuredly harm” by not only making the original disease complicated but developing new diseases by attacking least diseased parts of the body making the sacrifice of patient’s strength!”           | 29.38    |
| § 53 | True, Mild, Rapid, Gentle and Permanent Cure can only be possible using a Homeopathic way confirmed by experience and deductions founded on an eternal, infallible law of nature                                                                                                      | 06.46    |
| § 54 | The homeopathic way is the only way to achieve mild, sure and permanent cure without injuring and weakening the patient as certainly as, “Only one straight line can be drawn betwixt two given points”                                                                               | 10.21    |
|      | Question – Answer Session (Total: 6)                                                                                                                                                                                                                                                  | 06.51    |
| § 55 | General Method of allopathic treatment is having no connection to the disease and attack the other healthy parts of the body, yet claiming to expel the disease from the body, with a special reference to the Introduction / Review of Therapeutics given in the Organon of Medicine | 13.29    |
| § 56 | Introduction to Antipathy and its use in Allopathy. Intro. to Isopathy.                                                                                                                                                                                                               | 21.47    |
| § 57 | How Antipathy works & Examples of Antipathic treatments                                                                                                                                                                                                                               | 12.11    |
| § 58 | Disadvantages, Disease Aggravations & Formation of new diseases after Antipathic Treatment                                                                                                                                                                                            | 07.55    |
| § 59 | “Examples of Aggravation” of symptoms and state by Antipathic treatments                                                                                                                                                                                                              | 19.54    |
|      | Question – Answer Session (Total: 4)                                                                                                                                                                                                                                                  | 06.47    |
| § 60 | Concept of Increasing dosage and repetition of antipathic / allopathic medicine & “Understanding Broussau’s Method”                                                                                                                                                                   | 36.32    |
| § 61 | Disadvantages of Antipathy & THE GRAND Superiority of                                                                                                                                                                                                                                 | 07.44    |

|      |                                            |       |
|------|--------------------------------------------|-------|
|      | Homeopathy                                 |       |
| § 62 | Homeopathy – Decoding the Secret of Nature | 05.46 |

### CLINICAL QUIZ

## 11. Primary & Secondary action of a drug in the body:

### Aphorisms No. 63 to 69
